

Introduction and partner request.

Hello,

I am honored to represent Giving Mac, Inc., a 501(c)(3) Public Charity dedicated to propelling education in STEAM (Science, Technology, Engineering, Arts, and Math) and inspiring individuals to conquer personal obstacles or tragedies.

In our shared pursuit of prosperity, we acknowledge the diverse obstacles each of us faces. While our motivations and goals for success may differ, we all share a common thread – attitude. Attitude and a positive mindset are what drive us.

At Giving Mac, we embody a powerful "Prosperity, In Spite Of..." mindset. Our mission extends beyond inspiration; we aim to provide assistance through technology, succinctly captured as "Advancing Education by Sharing Technology." Access to current technology is crucial for educational success, and we firmly believe that education is a cornerstone for prosperity.

Our program is transparent:

1. **Raising Funds:** Through monetary donations and contributions of preowned technology hardware.
2. **Refurbishing Devices:** Breathing new life into preowned technology.
3. **Repurposing and Selling:** Leveraging recycled devices to fund our cause.
4. **Acquiring New Apple Laptops and iPads:** Investing in top-notch technology.
5. **Scholarship Program:** Distributing new Apple laptops and iPads to those in need.

Individuals without access to computers or tablets, lacking the means to purchase them, are encouraged to apply for the Giving Mac program.

Your contribution wields the power to make a lasting impact. Visit www.givingmac.org to contribute. Your donation is tax-deductible, and your support actively shapes the future of education.

We are looking for contributors and partners. If your organization would like to be part of our mission, at any level, please contact us to learn more about the benefits of being a valued contributor.

Thank you for contemplating becoming an integral part of our mission.

Best regards,

Michael Ohren
